17.1% of Georgia's public school students identify as Hispanic/Latinx. In Clarke County (home to UGA), that number is 25.3%.
ACCEPTANCE RATES (of Fall 2021 HHSOM Applicants)

UGA’s overall acceptance rate for all Fall 2020 applicants was 49%.

How to read this data:

“74.9% of white students who applied were accepted by HHSOM.”
“77.8% of white students accepted by HHSOM were also accepted by UGA.”

UGA and HHSOM use a two-layered admissions process.

Students must apply and be accepted to the School of Music based on a performance audition and/or musical portfolio.

They must also apply and be admitted to UGA before an offer of enrollment is extended.
HHSOM FALL ’21 1st-YEAR ENROLLMENT RATES (those enrolling after an offer of admission)

UGA’s overall enrollment rate for fall 2020 applicants was 41%.

How to read this data: “54.5% of white students who were offered admission enrolled.”

NOTE for data comparison: The UGA Fact Book does not distinguish between race and ethnicity. (See page “Characteristics of Enrolled Students.”) Hispanic vs. not Hispanic are included in the total, preventing dual identification. This is inconsistent with the standard of reporting for the US Census Bureau and the questions on UGA’s applications.

This report was compiled as part of the actionable work and commitments undertaken by HHSOM Committee on Diversity, Equity, Inclusion, and Belonging.
